

TERMS AND CONDITIONS
STANDARD PURCHASE ORDER / CONTRACT REQUIREMENTS

Quality System:

Supplier shall provide and maintain a Quality System that is acceptable to B&B Airparts purchase order / contract requirements. Supplier's Quality System is subject to review and approval by B&B Airparts during the purchase order / contract duration. Supplier must notify B&B Airparts of any changes in product and/or process, changes of suppliers, changes of manufacturing facility location and, where required obtain organization approval.

Right of Entry:

Right of Entry shall be granted to B&B Airparts, its Customers and / or Government Agencies to the applicable areas of all facilities, at any level of the supply chain, involved in the order and to all applicable records.

Subcontracting:

Subcontracting by Supplier is allowed provided B&B Airparts is notified and all subcontract and purchase order requirements issued by seller are flowed down to Subcontracted Supplier. Subcontracted Supplier shall provide to B&B Airparts the same rights and protection as contained in the Right of Entry clause.

Drawing Control:

All planning, drawings, masking templates, etc., issued with purchase order / contract are of the revision in effect on the date the purchase order / contract is issued. Supplier must use B&B Airparts supplied information and property only in the performance and purpose of the purchase order / contract, upon B&B Airparts request, and in the event of completion, termination or cancellation of this order, Supplier must return all such information and property to B&B Airparts or make such other disposition as directed.

B&B Airparts Supplied Tooling:

Supplier shall be responsible for proper care, usage, protection and return all B&B Airparts supplied tooling used by Supplier for purchase order / contract completion.

Certification of Conformance:

Certificate of Conformance or Certification is required from Supplier for parts and / or material in compliance with applicable purchase order / contract, drawing, specification and revision requirements.

First Article Inspection:

Supplier shall perform First Article Inspection on first unit, part or assembly for each item of the purchase order / contract. Documentation results shall show actual dimensions or values of each feature and be available upon request. First Article Inspection reports do not constitute acceptance by B&B Airparts. First Article requirements are mandatory.

Quality Records:

All Quality records must be legible, stored and retained in a suitable environment to prevent damage, deterioration or loss. Quality records shall be kept a minimum of ten years, unless specified otherwise by purchase order / contract.

Non-Conforming Product

Supplier must notify B&B Airparts of nonconforming product and obtain organization approval for nonconforming product disposition.

Procedure for Preventing the Use of Counterfeit Parts:

Ensuring that persons are aware of:

- Their contribution of product or service conformity;
- Their contribution to product safety;
- The importance of ethical behavior.
